

Personal Care Assistant Grade 3 Home Care Department

- Full-Time and Part-time positions available
- Flexible hours including mornings and evenings
- Supportive team environment

If you are looking to gain experience in community aged care then this is the position for you.

Established in 1919, initially as a private hospital, St Luke's Care now comprises four divisions that together form the mainstream of our specialist range of services – St Luke's Hospital, Aged Care, Home Care and Apartments.

One of the Home Care department's key objectives is to deliver care in the homes of clients in the Eastern suburbs who are receiving care on the CACP (Community Aged Care), EACH (Extended Aged Care at Home) and EACHD (Extended Aged Care at Home Dementia) packages. These packages are planned and coordinated programs individually designed to assist people with either low or high care complex needs who are eligible for residential care but choose to stay at home.

We offer salary sacrifice, training and the opportunity to learn and use your talents in a challenging and rewarding position.

Duties include

- assisting clients with personal care
- the supervision of medication
- monitoring of skin integrity and nutritional levels
- assistance with household tasks
- assistance with community access with transport e.g. medical appointments or shopping
- assistance with basic dressings under the guidance of a Registered nurse
- respite care

Essential Criteria

- Certificate III or IV in Aged Care
- excellent communication and interpersonal skills (face to face and via the telephone)
- ability to follow a weekly roster and adhere to client care plans
- ability to work independently and as part of a team
- ability to multi-task
- own mobile phone, a current driver's license, own registered vehicle and comprehensive insurance is required.
- In addition, experience working in a similar position in a healthcare environment will be well regarded but is not essential

Cont/
